815.436.5335 • 815.436.6420 fax

March 18, 2022

Board of Trustees  
Plainfield Fire Protection District  
23748 W 135<sup>th</sup> St  
Plainfield, Illinois 60544

Honorable Trustees:

The Annual Comprehensive Financial Report (ACFR) of the Plainfield Fire Protection District for the fiscal year ending December 31, 2021 is submitted herewith. The report was prepared by the District's Fire Chief and Finance Supervisor, working with the District's auditor, Illinois NFP Audit & Tax, LLP. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the Plainfield Fire Protection District. We believe the data presented is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and the results of operations of the Plainfield Fire Protection District as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the District's financial affairs have been included.

The Government Finance Officers Association of the United States and Canada (GFOA) offers a Certificate of Achievement for Excellence in Financial Reporting. In order to be awarded a Certificate of Achievement, a government must publish in easily readable and efficiently organized format, a Annual Comprehensive Financial Report (ACFR). This report must satisfy both generally accepted accounting principles (GAAP) and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our ACFR will meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for a certificate.

This letter complements management's discussion and analysis (MD&A) and should be read in conjunction with it. The purpose of this letter of transmittal is to provide an overview of the District and its operations. For detailed information and analysis, please review the MD&A which can be found in the financial section of this report immediately following the report of the independent auditors.

This report includes all funds of the District. The District has four fire stations staffed 24 hours a day, 365 days a year, spread out across 55 square miles with approximately 45,000 residents.

## ECONOMIC CONDITION AND OUTLOOK

The Plainfield Fire Protection District is a municipal corporation of the State of Illinois. The District is made up of the Village of Plainfield and some of the surrounding unincorporated areas. It is located in both Will and Kendall Counties and is approximately 38 miles southwest of downtown Chicago. The District maintains a total of four fire stations. The main fire station is located at 23748 W 135<sup>th</sup> St, Plainfield, IL 60544.

The 2016 Census population of 42,933 for the District represents an 8.5% increase from the 2010 Special Census population of 39,850. Housing development also remained steady in 2018. In the last six tax years ('13 through '19), the District's equalized assessed valuation has increased by 26.09.

The District's annual assessed valuation (EAV) has increased in the last year. Since 2013, the Will County tax rates have been as follows:

<b>Tax Year</b>	<b>EAV</b>	<b>Tax Rate</b>
2014	1,399,894,625	1.0122
2015	1,437,648,929	1.0036
2016	1,518,458,220	0.9674
2017	1,573,751,963	0.9650
2018	1,662,956,841	0.9537
2019	1,745,494,797	0.9339
2020	1,809,884,143	0.9261
2021	1,865,205,933	0.9302

According to the US Census Bureau, in 2020 the total housing units for the District amounted to 13,365 with the median value of a single family home at \$322,500. The average household contained an average of 3.35 individuals. Additionally, this contributes to the District's strong demand for fire protection from well-trained and strategically positioned firefighters and paramedics located throughout Plainfield.

## MAJOR INITIATIVES/HAPPENINGS FOR THE YEAR

The fiscal 2021 Budget for Operations remained fairly static for the year. The District's charges for services increased 65% or \$1,120,228. Total expenses increased by \$736,083 (5%). The increase in expense was due to the purchase of a new Engine. The District's governmental funds reported combined ending fund balances of \$24,356,771, an increase of \$2,252,899 in comparison with the prior year balance. This is due to an increase in ambulance fees, the sale of a surplus engine, and property tax revenues.

## FUTURE INITIATIVES/FUTURE DIRECTION

In 2022, the District is focused on increasing service levels, maintaining a balanced budget and following its capital replacement plan. Major capital items for the year are a Squad Pumper, Ambulance, Station 3 concrete, Station 2 Roof, IT enhancements, EMS Equipment, and Protective Gear.

## FINANCIAL INFORMATION

Accounting System and Budgetary Control - The District's records for general governmental operations are maintained on an accrual basis, with the revenues being recorded when earned and expenditures being recorded when the liability is incurred or the economic asset is used.

In developing and maintaining the District's accounting system, consideration is given to the adequacy of the internal control structure. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived and (2) the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the District's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Budgetary control is of great importance to the District and has been established at the individual fund level. Financial reports are produced showing budget and actual expenditures by line item and are distributed monthly to District administrative and divisional management and to others upon request.

Individual line items are reviewed and analyzed for budgetary compliance. Personnel expenditures are monitored and controlled at a position level and capital expenditures (items over \$10,000 and having a useful life of more than 1 year) are monitored and controlled item by item. Revenue budgets are reviewed monthly. Additionally, all expenditures are reviewed by the Board of Trustees prior to the release of payments.

## FINANCIAL INFORMATION (CONTINUED)

The Reporting Entity and its Services - This report includes all of the funds and activities controlled by the District.

The mission of the Plainfield Fire Protection District is dedicated to preserving the quality of life by saving lives and protecting property through efficient emergency response and prevention.

The District participates in the Illinois Municipal Retirement Fund, Illinois Public Risk Fund and the Plainfield Firefighters' Pension Plan. Those organizations are separate governmental units because (1) they are organized entities, (2) have governmental character, and (3) are substantially autonomous. Audited financial statements for these organizations are not included in this report. However, such statements are available upon request from their respective business offices.

General Government Functions - The reporting period covered by these financial statements encompasses twelve months. Funds are provided for services by taxes, user fees, interest income, grants, donations and other miscellaneous sources.

Property taxes are a major source of income for general operations. The District's property taxes make up 86.4% of the total revenue for the governmental funds.

As property values continue to increase, the overall assessed valuation or EAV of the District also increased to \$1,865,205,933 or a 3.6% increase from prior year.

Allocation of the property tax levy for 2021 and the preceding two tax years are as follows (amounts for each \$100 of assessed value):

	2021	2020	2019
Purpose			
Fire	0.3866	0.3730	0.3706
Ambulance	0.3742	0.3705	0.3708
Fire Pension	0.0829	0.0934	0.0947
IMRF	0.0049	0.0087	0.0108
Social Security	0.0049	0.0087	0.0108
Audit	0.0009	0.0009	0.0011
Liability Insurance	0.0649	0.0709	0.0751
Total Tax Rate	0.9302	0.9261	0.9339

## FINANCIAL INFORMATION (CONTINUED)

The maximum tax rate for the Fire Fund is .4000. The maximum tax rate for the Ambulance Fund is .4000.

Fund balance increased by \$2,252,899 for a total of \$24,356,771 as of December 31, 2021. Of this amount, \$6,781,269 is unassigned for continuing operations.

Capital Assets Additions - As of December 31, 2021 the general capital assets of the Plainfield Fire Protection District amounted to \$30,043,716. The District purchased \$1,579,466 in additions during the fiscal year.

Independent Audit - Chapter 50, Section 310/2 of the Illinois Revised Statutes requires districts secure a licensed public accountant to perform an annual audit of accounts. The firm of Illinois NFP Audit & Tax, LLP has performed the audit for the year ended December 31, 2021. Their unmodified opinion on the general-purpose financial statements is presented in this report.

## OTHER INFORMATION

Acknowledgments - The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated services of the entire staff. We express our appreciation to the District's employees throughout the organization, especially those instrumental to the successful completion of this report. We would like to thank the members of the Board of Trustees for their interest and support in planning and conducting the financial operation of the District in a responsible and progressive manner.

## **Independent Auditors' Report**

To the Board of Trustees  
Plainfield Fire Protection District  
Plainfield, Illinois

### **Opinions**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Plainfield Fire Protection District as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Plainfield In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Plainfield Fire Protection District, as of December 31, 2021, and the respective changes in financial position and cash flows, where applicable, thereof for the year ended in conformity with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Plainfield Fire Protection District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plainfield Fire Protection District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plainfield Fire Protection District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plainfield Fire Protection District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, major fund budgetary schedules, and certain pension and post-employment benefit disclosures be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Plainfield Fire Protection District basic financial statements. The combining and individual fund financial statements and schedules for non-major funds, and other non-required supplemental schedules as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements schedules for non-major funds and other non-required supplemental schedules as listed in the table of contents are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## **Other Information**

Management is responsible for the other information included within the audit report. The other information comprises of the introductory and statistical sections, as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**PLAINFIELD FIRE PROTECTION DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**

**December 31, 2021**

---

As management of the Plainfield Fire Protection District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended December 31, 2021. We encourage readers to consider the information presented here in conjunction with the financial statements presented.

**FINANCIAL HIGHLIGHTS**

- The assets and deferred outflows of the District exceed its liabilities and deferred inflows at the close of the most recent fiscal year by \$44,042,931 (net position). \$2,716,367 is restricted for Liability Insurance, Foreign Fire and Retirement expenses and \$26,476,358 is unrestricted. The remaining \$14,850,206 represents the net investment in capital assets.
- The District's total net position increased by \$3,968,512 in 2021 from the prior year. The District's change in net position for the year was mostly due to increases in ambulance fees, sale of surplus, property taxes, and the change in net pension asset.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$24,356,771, an increase of \$2,252,899 in comparison with the prior year balance. This increase was mainly attributed to increases in ambulance fees, property taxes, and sale of a surplus engine. Additionally, the District transferred \$2,774,407 to the capital fund for future fleet and facility needs.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$6,781,269 or 88% of total General Fund expenditures. The Capital Projects Fund had an assigned fund balance of \$7,123,038 to be used for future capital acquisitions.
- The District has \$13,315,000 of outstanding bonds payable, a decrease of \$995,000 from the prior year. The District has bond debt service outstanding until 2033.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

## OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements can be found on pages 10 and 11 of this report.

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds. The fund financial statements are found on pages 12 through 15 of this report.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains six individual governmental funds. Information is presented separately for these funds considered major in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances.

The District adopts an annual appropriated budget for all governmental funds. Budgetary comparison statements and schedules have been provided for the budgeted fund to demonstrate compliance with the budget.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the District's own programs. Fiduciary funds are reported using full accrual accounting. The basic fiduciary fund financial statements for the Firefighter's Pension Fund can be found on pages 16 and 17 of this report.

**Notes to the Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found on pages 18 to 49 of this report.

**Other Information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 50 to 61 of this report.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows exceeded liabilities and deferred inflows by \$41,881,693 at the close of the most recent fiscal year.

### PLAINFIELD FIRE PROTECTION DISTRICT NET POSITION

	For the Year Ended December 31	
	2021	2020
Assets		
Current Assets	\$ 52,145,603	\$ 48,558,344
Capital Assets	30,043,716	30,132,447
Total Assets	82,189,319	78,690,791
Deferred Outflows	3,355,839	1,702,112
Total Assets and Deferred Outflows	85,545,158	80,392,903
Liabilities		
Due Within One Year	1,732,530	1,715,007
Due in More Than One Year	15,171,663	15,346,944
Total Liabilities	16,904,193	17,061,951
Deferred Inflows	24,598,034	23,256,533
Total Liabilities and Deferred Inflows	41,502,227	40,318,484
Net Position		
Net Investment in Capital Assets	14,850,206	15,235,986
Restricted Amounts	2,716,367	2,525,475
Unrestricted Amounts	26,476,358	22,312,958
Total Net Position	\$ 44,042,931	\$ 40,074,419

## GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

**Governmental Activities.** Governmental activities increased the District's net position by \$3,968,512. Key elements of this increase are as follows:

### PLAINFIELD FIRE PROTECTION DISTRICT CHANGE IN NET POSITION

	For the Year Ended December 31	
	2021	2020
Revenues		
Program Revenues		
Charges for Services	\$ 2,833,248	\$ 1,713,020
Operating Grants & Contributions	402,645	157,337
General Revenues		
Property Taxes	16,938,909	16,279,846
Intergovernmental	161,978	140,051
Other Income	180,692	560,184
Total Revenues	<u>20,517,472</u>	<u>18,850,438</u>
Expenses		
Public Safety	16,154,682	14,824,421
Interest on Long-Term Debt	394,278	988,456
Total Expenses	<u>16,548,960</u>	<u>15,812,877</u>
Change in Net Position	3,968,512	3,037,561
Net Position		
Beginning of Year	40,074,419	37,036,858
Prior Period Adjustment		0
Beginning of Year, Restated	<u>40,074,419</u>	<u>37,036,858</u>
End of Year	<u>\$ 44,042,931</u>	<u>\$ 40,074,419</u>

- Total revenues increased by \$1,667,034 or 9% during 2021. Property taxes increased by \$659,063 or 4% from the prior year as the District was able to capture both the CPI at 2.3% and new growth of over 39 million.
- Charges for services increased by \$1,120,228 or 65% during 2021. The increase is primarily a result of increased collections, the Ground Emergency Medical Transport (GEMT) program to increase Medicaid reimbursement and the payer make-up for the District.
- Total expenses increased by \$736,083 5%. The increase was due to an increase in Capital Outlay Expenditures.

## FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$24,356,771 an increase of \$2,252,899 in comparison with the prior year balance. This increase is primarily due to increases in ambulance fees, property taxes, sale of surplus and reduced operating expenditures.

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the Fire Fund was \$6,781,269. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 88% of total Fire Fund expenditures.

The Capital fund contains the reserve for future fleet and facility needs per the District's replacement plan. In fiscal year 2021, the District transferred \$2.7M for future capital needs. At the end of the year, the assigned fund balance was \$7,123,038.

### FIRE FUND BUDGETARY HIGHLIGHTS

During the year, there were no budget amendments.

As a major fund, the General Fund accounts for the fire operations of the District. Revenues in the general fund were \$8,917,379. Property taxes, Foreign Fire tax, investment income, charges for services, and miscellaneous outperformed the revenue budgets for each line item.

General Fund expenditures were 1% under budget mainly due to decreased personnel and contractual services costs. The overall net budget variance in the General Fund was a favorable \$396,266.

The General Fund's excess of revenues and other financing uses over expenditures and other financing sources was a positive \$396,266. The fund balance increased to \$7,006,249 at the end of the fiscal year from \$6,609,983 the prior year mainly due to increased property taxes.

### CAPITAL ASSETS AND DEBT ADMINISTRATION

**Capital Assets.** The District's investment in capital assets for its governmental activities as of December 31, 2021 was \$30,043,716 (net of accumulated depreciation). This investment in capital assets includes land, buildings, office equipment, vehicles and equipment.

## CAPITAL ASSETS AND DEBT ADMINISTRATION (CONTINUED)

A summary of changes in capital assets follows:

	Balance December 31, 2020	Additions	Retirements	Balance December 31, 2021
<u>Governmental Activities</u>				
Assets Not Subject to Depreciation				
Land	\$ 4,568,953	\$ 0	\$ 0	\$ 4,568,953
Assets Subject to Depreciation				
Land Improvements	57,378	0	0	57,378
Buildings and Building Improvements	27,972,435	0	0	27,972,435
Office Equipment	519,786	0	0	519,786
Vehicles and Equipment	12,451,878	1,579,466	(436,094)	13,595,250
Subtotal	<u>45,570,430</u>	<u>1,579,466</u>	<u>(436,094)</u>	<u>46,713,802</u>
Less - Accumulated Depreciation				
Land Improvements	(57,378)	0	0	(57,378)
Buildings and Building Improvements	(6,623,132)	(633,768)	0	(7,256,900)
Office Equipment	(333,879)	(16,917)	0	(350,796)
Vehicles and Equipment	(8,423,594)	(792,197)	210,779	(9,005,012)
Subtotal	<u>(15,437,983)</u>	<u>(1,442,882)</u>	<u>210,779</u>	<u>(16,670,086)</u>
Net Capital Assets	<u>\$ 30,132,447</u>	<u>\$ 136,584</u>	<u>\$ (225,315)</u>	<u>\$ 30,043,716</u>

The major additions during the year were engine, ambulance and officer vehicles. See Note 4 for depreciation information on capital assets.

**Long-term Debt.** As of December 31, 2021, the District has debt outstanding decreased from \$14,310,000 to \$13,315,000. See Note 5 for additional information.

### ECONOMIC FACTORS

The District's primary revenue sources are property taxes, representing approximately 83 percent of total revenue in the year ended December 31, 2021. The Property Tax Extension Limitation Law allows a taxing district to receive a limited inflationary increase in tax extensions on existing property, plus an additional amount for new construction, and any voter-approved rate increases.

### REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Plainfield Fire Protection District finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Plainfield Fire Protection District, 23748 W 135<sup>th</sup> St, Plainfield, Illinois 60544.

**Plainfield Fire Protection District**  
**Reconciliation of Fund Balances of the Governmental Funds to the Governmental Activities**  
**in the Statement of Net Position**  
**December 31, 2021**

Reconciliation of the Balance Sheet - Governmental Funds to the Statement of Net Position:

Amounts reported in the Statement of Net Position are different because:

Fund Balance - Balance Sheet of Governmental Funds	24,356,771
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:	30,043,716
Other long-term assets are not available to pay for current-period expenditures and, therefore, are reported as unavailable revenue in the funds:	
Deferred items related to changes in pension assumptions and differences between expected and actual pension plan experience:	
Deferred Outflows - OPEB	105,797
Deferred Outflows - IMRF	300,101
Deferred Outflows - Firefighters' Pension Fund	2,949,941
Long-term liabilities, including bonds and capital leases payable, are not due and payable in the current period and, therefore, are not reported in the funds:	
Compensated Absences	(591,802)
Bonds Payable	(13,315,000)
Capital Leases Payable	(1,878,510)
Net OPEB Liability	(501,051)
Net Pension Liability - IMRF	(238,789)
Net Pension Asset - Firefighters' Pension Fund	9,508,291
Deferred items related to difference between projected and actual earnings on pension plan investments and difference between expected and actual pension plan experience:	
Deferred Inflows - OPEB	(48,853)
Deferred Inflows - IMRF	(1,109,823)
Deferred Inflows - Firefighters' Pension Fund	(5,537,858)
<b>Net Position of Governmental Activities</b>	<b>\$ 44,042,931</b>

**Plainfield Fire Protection District**  
**Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances**  
**of the Governmental Funds to the Governmental Activities in the Statement of Activities**  
**For the Year Ended December 31, 2021**

Net Change in Fund Balances - Total Governmental Funds \$ 2,252,899

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital Outlays	1,579,466
Depreciation Expense	(1,442,882)
Loss on Disposal of Capital Assets	(225,315)

Governmental funds report debt payments as expenditures and debt issuances as revenue. However, in the statement of activities, debt payments and debt issuances are not reported as expenditures and revenue, respectively.

Issuance of Capital Lease Obligation	(1,358,202)
Principal Payments of Capital Lease Obligation	66,153
Principal Payments of Notes Payable	995,000

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds:

Change in the following deferred items related to pension investment experience, changes in pension assumptions, and difference between expected and actual pension plan experience:

Deferred Outflows - OPEB	(13,813)
Deferred Outflows - IMRF	61,210
Deferred Outflows - Firefighters' Pension Fund	1,606,330

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Change in Accrued Interest	20,771
Change in Compensated Absences	(80,616)
Change in OPEB Liability	(28,850)
Change in Net Pension Liability - IMRF	391,697
Change in Net Pension Liability/Asset - Firefighters' Pension Fund	705,165

Change in the following deferred items related to difference between expected and actual pension plan experience:

Deferred Inflows - OPEB	(12,699)
Deferred Inflows - IMRF	(114,924)
Deferred Inflows - Firefighters' Pension Fund	(432,878)

**Plainfield Fire Protection District**  
**Notes to the Financial Statements**  
**For the Year Ended December 31, 2021**

**1. Summary of Significant Accounting Policies**

The District is incorporated in Plainfield, Illinois. The District operates under a Board-Manager form of government encompassing areas in Will County and Kendall County. The mission of the District is to protect the lives and property within the community in a fiscally sound and responsive manner through fire prevention, public education, fire suppression, emergency medical services, and public safety.

The financial statements of Plainfield Fire Protection District (the "District"), have been prepared in conformity with Generally Accepted Accounting Principles as applied to local governments. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below:

Financial Reporting Entity

The accompanying financial statements present the District's primary government and any component units over which the District exercises significant influence. Significant influence or accountability is based primarily on operational or financial relationships with the District (as distinct from legal relationships). Management has considered all potential component units and has determined that there are no entities outside of the primary government that should be blended into or discretely presented with the District's financial statements.

Government-Wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. Government-wide statements report information on all of the activities of the District as a whole (except for fiduciary activities) and distinguish between the governmental and business-type activities of the District. Governmental activities, which are normally supported by taxes and governmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the government's public safety function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**1. Summary of Significant Accounting Policies (Continued)**

Fund Financial Statements

Separate fund financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The District does not report non-major funds. The combined amounts for these funds are reflected in a single column titled "Other Governmental Funds" in the fund Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances. Detailed statements for non-major funds are presented with Combining and Individual Fund Statements and Schedules in the supplemental schedules of the financial statements.

Funds are organized as major funds or non-major funds within the governmental statements. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is the primary operating fund of the entity or meets the following criteria:

Total assets and deferred outflows, liabilities and deferred inflows, revenues or expenditures and expenses of the individual governmental fund or enterprise fund are at least ten percent of the corresponding total for all funds of that category or type and;

Total assets and deferred outflows, liabilities and deferred inflows, revenues or expenditures and expenses of the individual governmental or enterprise fund are at least five percent of the corresponding total for all governmental and enterprise funds combined.

Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements when applicable. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds are those which governmental functions of the District finance. The acquisition, use, and balances of the District's expendable resources and the related liabilities are accounted for through governmental funds. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government does *not* consider revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recognized when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences, claims, and judgments are reported only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

**1. Summary of Significant Accounting Policies (Continued)**

Measurement Focus and Basis of Accounting (Continued)

Property taxes, sales taxes, franchise taxes, licenses, charges for service, amounts due from other governments, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period if applicable. Charges for sales and services and miscellaneous revenues are generally recorded as revenue when received in cash because they are generally not measurable until actually received.

Basis of Presentation

The accounts of the District are organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts. The various funds are summarized by type within the financial statements.

The District reports the following major governmental funds:

The General Fund is the primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Expenditures from this fund provide basic District services, such as finance and data processing, personnel, and general administration of the District. Revenue sources include taxes, which include property taxes, replacement taxes, interest income and other income.

The Ambulance Fund, a special revenue fund, which accounts for ambulance operations. Financing is provided by a specific annual property tax levy to the extent user charges are not sufficient to provide such financing.

The Liability Insurance Fund, a special revenue fund, which accounts for tort and insurance activity in the governmental funds. Financing is provided by a specific annual property tax levy.

The Social Security Fund, a special revenue fund, which accounts for activities related to social security and medicare contributions. Financing is provided by a specific annual property tax levy.

The IMRF Fund, a special revenue fund, which accounts for activities related to IMRF contributions. Financing is provided by a specific annual property tax levy.

The Capital Projects Fund, which accounts for the District's financial resources that are restricted, committed, or assigned to expenditure for capital outlays such as building and equipment, fire engine, truck and ambulance acquisitions.

The District reports no non-major governmental funds.

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**1. Summary of Significant Accounting Policies (Continued)**

Basis of Presentation (Continued)

Fiduciary fund level financial statements are custodial in nature and are merely clearing accounts for assets held by the District as an agent for individuals, private organization, or other governments. Fiduciary funds are excluded from government-wide financial statements. The District reports the following fiduciary fund:

The *Firefighters' Pension Fund* which accounts for assets held by the District in a trustee capacity.

Proprietary fund level financial statements are used to account for activities, which are similar to those found in the private-sector. The measurement focus is upon determination of net income, financial position, and cash flows. The District reports no proprietary funds.

When applicable, on the proprietary fund financial statements, operating revenues are those that flow directly from the operations of the activity, i.e., charges to customers or users who purchase or use the goods or services of that activity. Operating expenses are those that are incurred to provide those goods or services. Non-operating revenues and expenses are items such as investment income and interest expense that are not a result of the direct operations of the activity. When applicable, private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

Cash and Investments

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent. Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

Pooled Cash

Cash resources of the individual governmental fund types are combined to form a pool of cash and, when applicable, investments. At December 31, 2021, the District's cash was deposited in demand accounts and money market savings accounts.

Interfund Activity

During the course of normal operations, the District has transactions between funds, including expenditures and transfers of resources to provide services and construct assets. Legally authorized transfers are treated as transfers and are included in the results of operations of Governmental Funds and, when applicable, Proprietary Funds. Transactions between funds that are representative of cash overdrafts from pooled cash and investing are reported as interfund receivables or payables. Short-term amounts owed between funds are classified as "Due to/from other funds".

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**1. Summary of Significant Accounting Policies (Continued)**

Receivables

Receivables consist of all revenues earned at year-end that are not yet received as of December 31, 2021. Major receivable balances for governmental activities include property taxes and ambulance fees. The District carries its receivables at cost less an allowance for doubtful accounts. On a periodic basis, the District evaluates its receivables and establishes the amount of its allowance for doubtful accounts based on a history of past write-offs and collections. The allowance for doubtful accounts amounts to \$0 for property taxes receivable and \$296,897 for ambulance fees receivable.

Prepaid Items and Prepaid Expenditures

Payments made to vendors for services that will benefit periods beyond December 31, 2021 are recorded as prepaid items/expenditures using the consumption method of recognition.

Inventory

Inventory is valued at cost which approximates the lower of cost or net realizable value using the first-in/first-out (FIFO) method. The District reports no inventory as of December 31, 2021.

Deferred Revenue/Unearned Revenue

When applicable, the District reports unearned revenues on its Statement of Net Position and deferred revenues on its Governmental Funds Balance Sheet. For governmental fund financial statements, deferred revenues occur when a potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period or when resources are received by the District before it has a legal claim to them. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the Governmental Funds Balance Sheet and revenue is recognized accordingly.

Compensated Absences

Accumulated vacation and sick leave, that is expected to be liquidated with expendable available financial resources, is reported as an expenditure and a fund liability of the governmental fund that will pay it. Accumulated vacation and sick leave of proprietary funds, when applicable, is recorded as an expense and liability of those funds as the benefits accrue to employees. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations or retirements. The General Fund and Ambulance Fund are used to liquidate the compensated absences liability.

Full-time District employees are entitled to paid vacation time in varying amounts based on years of service. Unused vacation time is not carried over from year to year. District employees are entitled to paid sick time in varying amounts based on years of service. The District’s compensated absences liability at December 31, 2021 comprises of \$0 of accumulated vacation and \$591,802 of accrued sick time.

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**1. Summary of Significant Accounting Policies (Continued)**

Capital Assets

Capital assets, which include land, buildings and improvements, equipment, and when applicable, infrastructure assets (e.g., roads and bridges), are reported in the applicable government or business-type activities columns in the government-wide statements. Capital assets are defined as assets with a cost of \$2,500 or more for land, \$25,000 or more for buildings and improvements, \$5,000 for vehicles and equipment, and \$2,500 for optional equipment attached to a vehicle. Capital assets are recorded at historical cost if purchased or constructed, or at estimated historical cost if actual historical cost is not available. Donated capital assets, donated works of art and similar items, and capital assets received in a service arrangement are reported at acquisition value rather than fair value. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

All reported capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation on all assets is computed using the straight-line method over the following estimated lives:

Land Improvements	15 Years
Buildings and Improvements	15 - 50 Years
Office Equipment	15 Years
Vehicles and Equipment	5 - 15 Years

GASB Statement 34 requires the reporting and depreciation of the new infrastructure expenditures effective with the beginning of the implementation year.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources, or expenses/expenditures, until then. The District has deferred changes in proportion dealing with pensions and contributions made after the measurement date. The District currently does not have deferred charges on refunding debt. These represent a consumption of net position that applies to future periods and is not recognized as an outflow of resources until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources, or revenues, until that time. A deferred inflow of resources dealing with pension is reported for the differences between expected and actual experience, the net difference between projected and actual earnings on pension investments, and changes of assumptions.

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**1. Summary of Significant Accounting Policies (Continued)**

Long-Term Liabilities

Long-term debt is recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. Long-term liabilities expected to be financed from proprietary fund operations, when applicable, are accounted for in those funds.

Fund Balances

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources.

*Non-spendable fund balance* - The non-spendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form - prepaid items or inventories; or (b) legally or contractually required to be maintained intact. The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned, and unassigned.

*Restricted fund balance* - This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

*Committed fund balance* - Amounts can only be used for specific purposes pursuant to constraints imposed by ordinances of the District Board of Trustees - the government's highest level of decision-making authority. These committed amounts cannot be used for any other purpose unless the District Board of Trustees removes the specified use by ordinance. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

*Assigned fund balance* - This classification reflects assets constrained by the expressed written intent of the District Board of Trustees for ambulance services, capital equipment and/or capital projects.

*Unassigned fund balance* - This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds. When both restricted and unrestricted resources are available for use, it is the District's policy to use externally restricted resources first, then unrestricted resources - committed, assigned, and unassigned - in order as needed. The District does not have a stabilization policy established.

The District's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. If different levels of unrestricted funds are available for spending, the District considers committed funds to be expended first followed by assigned and, lastly unassigned funds.

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**1. Summary of Significant Accounting Policies (Continued)**

Net Position Classifications

In the government-wide financial statements, equity is shown as net position and classified into three components:

*Net investment in capital assets* - These amounts consist of capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Net investment in capital assets excludes unspent bond or other debt proceeds.

*Restricted net position* - These amounts consist of net position with constraints placed on its use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

*Unrestricted net position* - These amounts consist of all other net position that does not meet the definition of "restricted" or "net investment in capital assets".

Budgets

The Board of Trustees follows these procedures in establishing the budget:

1. The Fire Chief and budget committee prepare a proposed operating budget which is submitted to the Board of Trustees for their approval. The budget document is made available for public inspection for at least 30 days prior to Board action.
2. The Board of Trustees is required to hold at least one public hearing prior to passage of the annual Budget and Appropriation Ordinance. The budget is an estimate of actual expenditures and the appropriation represents the legal spending limit.
3. The Budget and Appropriation Ordinance must be enacted into law prior to the end of the first quarter of the fiscal year (March 31).
4. The Board of Trustees has the power to: Amend the Budget and Appropriation Ordinance in the same manner as its enactment, transfer between line items of any fund an amount not exceeding in the aggregate the total amount appropriated for that fund, and transfer any appropriation item it anticipates being unexpended to any other appropriation item.
5. Expenditures legally may not exceed the total appropriations at the fund level. All unspent budgetary amounts lapse at year-end. The budget information in the financial statements includes adjustments made during the year.

The budget is prepared for all funds on the same basis as the basic financial statements and is consistent with GAAP. The budget is derived from the annual Budget and Appropriation Ordinance of the District. All budgetary funds are controlled by an integrated budgetary accounting system in accordance, with various legal requirements, which govern the District.

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**1. Summary of Significant Accounting Policies (Continued)**

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Property Taxes

Property taxes become an enforceable lien on property as of January 1. Taxes are levied each year and are payable in two installments, due in June and September of the following year. Will and Kendall County bill and collect all property taxes and remits them to the District. The District recognizes property taxes in the year in which they attach as an enforceable lien and are available.

**2. Deposits**

Deposits

At December 31, 2021, the carrying amount of the District's demand deposits in financial institutions is \$12,378,876 and the bank balance is \$12,704,114.

At December 31, 2021, the carrying amount of the Firefighters' Pension Fund's cash deposits is \$213,200 and the bank balance is \$217,510.

Custodial Credit Risk - Deposits

In case of cash deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. At December 31, 2021, the District had no bank deposits which were not insured or covered by collateral. The District's investment policy requires pledging of collateral for all bank balances in excess of federally insured limits with the collateral held by the District or an independent third party.

**3. Investments**

Policies for Investments

It is the policy of the District to invest public funds in a manner to conform to all state and local statutes governing the investment of public funds; ensure prudent money management; provide for daily cash flow requirements; and meet the objectives, in priority order, of safety, liquidity, return on investment and public trust. The District's general credit risk policy is to apply the prudent person rule: Investments shall be made with the exercise of judgment and care, under circumstances then prevailing, which individuals of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital, as well as the probable income to be derived.

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**3. Investments (Continued)**

Fair Value Measurements

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District and Firefighters' Pension Fund categorize fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that a government can access at the measurement date; Level 2 inputs are significant other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; Level 3 inputs are significant unobservable inputs for an asset or a liability.

The District does not utilize Level 3 inputs. The District does utilize Level 1 and Level 2 inputs. Specifically, Level 2 inputs are observable to market participants and are the inputs those participants would use in pricing an asset or liability based on market data obtained from sources that are independent from the reporting entity. This would include quoted prices for similar assets and liabilities in active markets or quoted prices for identical or similar assets and liabilities in markets that are not active. As the District's corporate obligations, state/local obligations, federal government obligations and mortgage pools consist of inputs that are observable for a particular asset or liability such as interest rate and yield curves observable at commonly quoted intervals, implied volatilities, and credit spreads, these investments are valued using Level 2 inputs.

The District investments subject to fair value measurements are as follows:

Investments Type	Value as of December 31, 2021	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Debt Securities				
U.S. Treasury Obligations	\$ 50,859	\$ 50,859	\$ 0	\$ 0

Certificates of Deposit not Subject to Fair Value Hierarchy	<u>928,905</u>			
Total Investment Value	<u>\$ 41,542,936</u>			

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Mutual funds are not subject to interest rate risk.

The following table categorizes interest rate risk for the District:

Investment Category	Asset Value	Investment Maturity - In Years			
		< 1 Year	1 - 5 Years	6 - 10 Years	> 10 Years
U.S. Treasury Obligations	\$ 50,859	\$ 0	\$ 50,859	\$ 0	\$ 0
U.S. Agency Obligations	985,419	265,780	719,639	0	0
Municipal Bonds	1,472,993	275,150	1,189,063	8,780	0
Corporate Bonds	2,828,651	362,903	2,465,748	0	0
Mortgage Pools	4,466	0	0	0	4,466
Certificates of Deposit	5,772,782	731,798	4,963,583	77,401	0
	<u>\$ 11,115,170</u>	<u>\$ 1,635,631</u>	<u>\$ 9,388,892</u>	<u>\$ 86,181</u>	<u>\$ 4,466</u>

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**3. Investments (Continued)**

Interest Rate Risk (Continued)

The following table categorizes interest rate risk for the Firefighters' Pension Fund:

Investment Category	Asset Value	Investment Maturity - In Years			
		< 1 Year	1 - 5 Years	6 - 10 Years	> 10 Years
U.S. Treasury Obligations	\$ 2,137,757	\$ 137,792	\$ 1,323,450	\$ 676,515	\$ 0
U.S. Agency Obligations	9,725,087	187,183	4,417,425	5,120,479	0
Corporate Bonds	2,732,739	149,310	1,544,950	1,038,479	0
Municipal Bonds	2,523,458	355,442	1,392,707	775,309	0
Mortgage Pools	56,047	2,276	19,916	16,139	17,716
Certificates of Deposit	928,905	0	739,379	189,526	0
	<u>\$ 18,103,993</u>	<u>\$ 832,003</u>	<u>\$ 9,437,827</u>	<u>\$ 7,816,447</u>	<u>\$ 17,716</u>

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. U.S. treasuries and mutual funds are not subject to credit risk.

The District and Firefighters' Pension Fund help limit their exposure to credit risk by primarily investing in securities issued by the United States Government and/or its agencies that are implicitly guaranteed by the United States Government. The Firefighters' Pension Fund's investment policy establishes criteria for allowable investments; those criteria follow the requirements of the Illinois Pension Code. The investments in U.S. Agencies were not rated by Standard & Poor's or by Moody's Investors Services and Corporate Bonds were rated BBB- to AAA or Baa3 to Aaa by Standard & Poor's or by Moody's Investors Services. Besides investing in securities issued by agencies of the United States Government, the District and Firefighters' Pension Fund have no other formal policy for reducing credit risk.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Money market mutual funds, equity mutual funds and insurance contracts are not subject to custodial credit risk. In accordance with the District's investment policy, the District limits its exposure to custodial credit risk by utilizing an independent third party institution to act as a custodian for its securities and collateral.

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**3. Investments (Continued)**

Concentration of Credit Risk

This is the risk of loss attributed to the magnitude of the Fund's investment in a single issuer. The Fund does not have a formal written policy with regards to custodial credit risk for investments. At December 31, 2021, the Firefighters' Pension Fund has over 5% of net position invested in various agency securities. Agency investments represent a large portion of the portfolio; however the investments are diversified by maturity date and as mentioned earlier are backed by the issuing organization. Although unlike Treasuries, agency securities do not have the "full faith and credit" backing of the U.S. Government, they are considered to have a moral obligation of implicit backing and are supported by Treasury lines of credit and increasingly stringent federal regulation.

**4. Capital Assets**

Capital asset activity for the year ended December 31, 2021, consisted of the following:

	Balance December 31, 2020	Additions	Retirements	Balance December 31, 2021
<u>Governmental Activities</u>				
Assets Not Subject to Depreciation				
Land	\$ 4,568,953	\$ 0	\$ 0	\$ 4,568,953
Assets Subject to Depreciation				
Land Improvements	57,378	0	0	57,378
Buildings and Building Improvements	27,972,435	0	0	27,972,435
Office Equipment	519,786	0	0	519,786
Vehicles and Equipment	12,451,878	1,579,466	(436,094)	13,595,250
Subtotal	45,570,430	1,579,466	(436,094)	46,713,802
Less - Accumulated Depreciation				
Land Improvements	(57,378)	0	0	(57,378)
Buildings and Building Improvements	(6,623,132)	(633,768)	0	(7,256,900)
Office Equipment	(333,879)	(16,917)	0	(350,796)
Vehicles and Equipment	(8,423,594)	(792,197)	210,779	(9,005,012)
Subtotal	(15,437,983)	(1,442,882)	210,779	(16,670,086)
Net Capital Assets	\$ 30,132,447	\$ 136,584	\$ (225,315)	\$ 30,043,716

Depreciation expense was charged to the functions/programs of the primary government as follows:

Governmental Activities - Public Safety                      \$ 1,442,882

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**5. Long-term Liabilities**

The District may enter into debt transactions to finance additions of machinery and equipment and major improvements to fire facilities. The District has the following debt commitments as of December 31, 2021:

	Balance December 31, 2020	Additions	Retirements	Balance December 31, 2021	Amount Due Within One Year	Debt Retired By Fund
General Obligation Bonds						
Series 2008 \$9,920,000	\$ 1,695,000	\$ 0	\$ 0	\$ 1,695,000	\$ 0	Capital Projects
Series 2015 \$7,100,000	6,020,000	0	(460,000)	5,560,000	480,000	Capital Projects
Series 2016 ARS \$8,110,000	6,595,000	0	(535,000)	6,060,000	545,000	Capital Projects
Subtotal General Obligation Bonds	14,310,000	0	(995,000)	13,315,000	1,025,000	
Capital Lease Obligations						
2018 Engine \$649,917	586,461	0	(66,153)	520,308	68,964	Capital Projects
2021 Engine \$1,358,202	0	1,358,202	0	1,358,202	141,165	Capital Projects
Subtotal Capital Lease Obligations	586,461	1,358,202	(66,153)	1,878,510	210,129	
	<u>\$ 14,896,461</u>	<u>\$ 1,358,202</u>	<u>\$ (1,061,153)</u>	<u>\$ 15,193,510</u>	<u>\$ 1,235,129</u>	

**General Obligation Bonds**

*General Obligation Bonds, Series 2008, \$9,920,000* - Dated May 1, 2008, originally payable in multiples of \$5,000 in annual installments ranging from \$95,000 to \$2,120,000 on January 1, of each year through January 1, 2033, interest originally payable each January 1 and July 1 at rates ranging from 3.50% to 4.75%. Principal on these bonds in the amount of \$6,710,000 was advance refunded on December 8, 2015 through the issuance of the 2015 General Obligation Refunding Bonds. The remaining principal in the amount of \$1,930,000 which was not refunded is payable in varying installments ranging from \$235,000 to \$880,000 on January 1, 2017 through January 1, 2033, interest is payable each January 1 and July 1 at rates ranging from 4.00% to 4.75%.

*General Obligation Bonds, Series 2015, \$7,100,000* - Dated December 8, 2015, payable in multiples of \$5,000 in annual installments ranging from \$25,000 to \$735,000 on December 30, of each year through December 30, 2030, interest is payable each June 30 and December 30 at 2.64%. The bonds were issued to advance refund a portion of the outstanding 2008 Series Bonds.

*General Obligation Bonds (Alternate Revenue Source), Series 2016, \$8,110,000* - Dated October 17, 2016, payable in multiples of \$5,000 in annual installments ranging from \$495,000 to \$670,000 on December 30, of each year through December 30, 2031, interest is payable each June 30 and December 30 at 2.01%. The bonds were issued to advance refund \$7,860,000 of the outstanding 2009 Series Bonds.

The District has pledged a portion of certain revenues to repay the principal and interest on the General Obligation Refunding Bonds Series 2016. Proceeds from the bonds provided financing for certain capital improvements in the District. For the current year, principal and interest paid totaled \$667,559, while total property tax was \$16,938,909. The total pledge remaining for all ARS bonds are \$6,750,142.

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**6. Compliance and Accountability**

At December 31, 2021, none of the District's funds had deficit fund balances.

The following funds of the District had excesses of actual expenditures over legally enacted budgeted amounts for the year ended December 31, 2021:

<u>Fund</u>	<u>Budget</u>	<u>Actual</u>	<u>Variance</u>
IMRF	\$ 175,000	\$ 177,948	\$ (2,948)

**7. Interfund Transactions**

In general, transfers are used to (1) move revenues from the fund that collects the money to the fund that expends the money, (2) move receipts restricted or earmarked for debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in a fund to provide operating advances to other funds in accordance with budgetary authorizations.

At December 31, 2021, no interfund receivables and payables exist.

During the year ended December 31, 2021, the following transfers occurred:

<u>Fund</u>	<u>Transfer from Other Funds</u>	<u>Transfer to Other Funds</u>
General	\$ 0	\$ 558,953
Ambulance	0	2,215,454
Capital Projects	<u>2,774,407</u>	<u>0</u>
	<u>\$ 2,774,407</u>	<u>\$ 2,774,407</u>

**8. Risk Management**

The District is exposed to various risks of loss to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; illnesses of employees; natural disasters; and employee health. The District mitigates these risks through appropriate insurance coverages with various insurance agencies. There have been no significant reductions in coverage in any program from coverage in the prior year. Amounts of settlements have not exceeded insurance coverage in the past three years.

**9. Commitments and Contingencies**

At December 31, 2021, the District had no material payable commitments and no contingencies with the exception of the long-term liabilities discussed in Note 5.

**10. Evaluation of Subsequent Events**

The District has evaluated subsequent events through March 18, 2022, the date which the financial statements were available to be issued.

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**11. Governmental Accounting Standards Board (GASB) Statements**

Recently Implemented GASB Statements - None

Upcoming GASB Statements

GASB Statement No. 87, Leases, was issued June 2017 and will be effective for the District with the fiscal year ending December 31, 2022.

GASB Statement No. 91, Conduit Debt Obligations, was issued May 2019 and will be effective for the District with the fiscal year ending December 31, 2022.

GASB Statement No. 92, Omnibus 2020, was issued January 2020 and will be effective for the District with the fiscal year ending December 31, 2022.

GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32. This statement was issued June 2020 and will be effective for the District with the fiscal year ending December 31, 2022.

The District management has not yet determined the effect these Statements will have on the District's financial statements.

**12. Other Post-Employment Benefits**

The net other postemployment health care benefits ("OPEB") liability reported on the statement of net position represents a liability to employees for OPEB. OPEB is a component of exchange transactions, between an employer and its employees, of salaries and benefits for employee services. OPEB are provided to an employee on a deferred-payment basis as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred. The net OPEB liability represents the District's proportionate share of its OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan's fiduciary net position. The net OPEB liability calculation is dependent on critical future (long-term) variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually. GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The proportionate share of each plan's unfunded benefits is presented as a long-term net OPEB liability on the accrual basis of accounting. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in due to other governments on both the accrual and modified accrual basis of accounting.

**Plainfield Fire Protection District**  
**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**12. Other Post-Employment Benefits (Continued)**

*Plan Description.* The District provides other postemployment health care benefits (OPEB) for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the District and can be amended by the District through its personnel manual. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The plan does not issue a separate report. The plan's latest actuarial valuation is December 31, 2021.

*Benefits Provided.* The District provides continued health insurance coverage at the active employer rate to all eligible employees in accordance with ILCS, which creates an implicit subsidy of retiree health insurance. To be eligible for benefits, an employee must qualify for retirement under the District's retirement plan. Upon a retiree reaching age 65 years of age, Medicare becomes the primary insurer and the retiree is no longer eligible to participate in the plan but can purchase a Medicare supplement plan from the District's insurance provider. For certain disabled employees who qualify for health insurance benefits under the Public Safety Employee Benefits Act (PSEBA), the District is required to pay 100% of the cost of basic health insurance for the employee and their dependents for their lifetime.

**For the Year Ended December 31, 2021**

**13. Retirement Fund Commitments – Illinois Municipal Retirement Fund**

*Plan Description.* The District's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The District plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at [www.imrf.org](http://www.imrf.org). The plan's latest actuarial valuation is December 31, 2021.

*Benefits Provided.* IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date). All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement. Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of 3% of the original pension amount, or 1/2 of the increase in the Consumer Price Index of the original pension amount.

*Funding Policy.* As set by statute, the District Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statutes require employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer contribution rate from calendar year 2021 was 15.54 percent of annual covered payroll. The District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

*Annual Pension Cost.* The required contribution for the calendar year 2021 was \$177,948.

Cash Equivalents	1%	2.50%
	<u>100%</u>	

The single discount rate is calculated in accordance with GASB Statement No. 68. GASB Statement No. 68 includes a specific requirement for the discount rate that is used for the purpose of the measurement of the Total Pension Liability. This rate considers the ability of the fund to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses and investment returns are projected into the future. The Plan Net Position (assets) in future years can then be determined and compared to its obligation to make benefit payments in those years. As long as assets are projected to be on hand in a future year, the assumed valuation discount rate is used. In years where assets are not projected to be sufficient to meet benefit payments, the use of a “risk-free” rate is required, as described in the following paragraph. The single discount rate (SDR) is equivalent to applying these two rates to the benefits that are projected to be paid during the different time periods. The SDR reflects (1) the long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). For the purpose of this valuation, the expected rate of return on pension plan investments is 7.25%; the municipal bond rate is 1.84%; and the resulting single discount rate is 7.25%.

Summary of Actuarial Methods and Assumptions  
Used in the Calculation of the Total Pension Liability

---

Methods and Assumptions Used to Determine Total Pension Liability:

Actuarial Cost Method	Entry-Age Normal
Asset Valuation Method	Market Value of Assets
Price Inflation	2.50%
Salary Increases	3.35% to 14.25%
Investment Rate of Return	7.25%
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2017 valuation pursuant to an experience study of the period 2014 -2016.
Mortality	For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). the IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). the IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality table applying the same adjustment that was applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Other Information:                      There were no benefit changes during the year.

**Notes to the Financial Statements (Continued)**  
**For the Year Ended December 31, 2021**

**14. Retirement Fund Commitments – Firefighters’ Pension Fund**

*Plan Description.* The Firefighters’ Pension Plan is a single-employer defined benefit pension plan that covers all sworn Firefighters’ personnel. The Firefighters’ Pension Plan provides retirement, disability, and death benefits, as well as automatic annual cost of living adjustments, to plan members and their beneficiaries. The Plainfield Firefighters’ Pension Plan Fund does not issue a separate report that includes financial statements, note disclosures, and required supplementary information. Plan members are required to contribute 9.455% of their annual covered payroll. The District is required to contribute at an actuarially determined rate. Although this is a single-employer pension plan, the defined benefits and contribution requirements of the plan members and the District are governed by Illinois State Statutes and may only be amended by Illinois legislature. Administrative costs are financed through investments earnings. The plan’s latest actuarial valuation is December 31, 2021.

*Benefits Provided.* The Firefighters’ Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Covered employees hired before January 1, 2011 (Tier 1), attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5 percent of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75 percent of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a firefighter who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3 percent of the original pension and 3% compounded annually thereafter.

*Funding Policy.* Covered employees are required to contribute 9.455% of their base salary to the Firefighters’ Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The District is required to contribute the remaining amounts necessary to finance the plan as actuarially determined by an enrolled actuary. Effective January 1, 2011, the District’s contributions must accumulate to the point where the past service cost for the Firefighter’s Pension Plan is 90% funded, by the year 2040. The District has chosen to use the following parameters to fund its pension plan above and beyond the state minimum. For the Plan calendar year December 31, 2021, the District’s contribution was 23.98% of covered payroll.

The Discount Rate is 6.75% as of December 31, 2021. The following is a sensitivity analysis of total net pension liability to changes in the discount rate:

Sensitivity of Net Pension Liability/(Asset) to the Single Discount Rate Assumption			
	1% Decrease 5.75%	Current Single Discount Rate Assumption 6.75%	1% Increase 7.75%
Net Pension Liability/(Asset)	\$ (2,400,461)	\$ (9,508,291)	\$ (15,058,838)

Summary of Actuarial Methods and Assumptions  
Used in the Calculation of the Total Pension Liability

Methods and Assumptions Used to Determine Total Pension Liability:

Actuarial Cost Method	Entry-Age Normal
Asset Valuation Method	5-Year Smoothed Market Value
Price Inflation	2.50%
Salary Increases	Service-based rates
Investment Rate of Return	6.75%
Mortality	Active Lives: PubS-2010 Employee mortality, projected 5 years past the valuation date with Scale MP-2020. 20% of active deaths are assumed to be in the line of duty.
	Inactive Lives: PubS-2010 Healthy Retiree mortality, projected 5 years past the valuation date with Scale MP-2020.
	Beneficiaries: PubS-2010 Survivor mortality, projected 5 years past the valuation date with Scale MP-2020.
	Disabled Lives: PubS-2010 Disabled mortality, projected 5 years past the valuation date with Scale MP-2020.

Other Information: There were no benefit changes during the year.

## STATISTICAL SECTION (UNAUDITED)

---

Page(s)

### **Financial Trend Schedules**

These schedules contain trend information to help the reader understand how the District's financial performance and well-being has changed over time.

63 - 69

### **Revenue Capacity Schedules**

These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.

70 - 71

### **Debt Capacity Schedules**

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

72 - 76

### **Demographic and Economic Schedules**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

77 - 78

### **Operating Schedules**

These schedules contain service and asset data to help the reader understand how the information in the District's financial report relates to the services the district provides and the activities it performs.

79 - 80

2020	1,840,536,118	0.9261	5,522,160,570	33.300%

Note: Assessed value is set by the County Assessor on an annual basis. The assessment level is then adjusted by the state with a County Multiplier based on the factor needed to bring the average prior year's level up to 33 1/3% of market value. Every three years there is a tri-annual assessment when all property is assessed.
